

Inclusive India?

Policy Architecture

- Conscious shift towards more inclusion
- Context of liberalisation as excluding:
Discontents of “ India Shining”
- New Programmes, restructuring old programmes etc
- Model of delivery attempts greater inclusion

Context

- Deepening of Political democracy:
Panchayat Raj
- Broadening of democracy: Civil Society
engagement
- Gradual spread of ICT

Open Source Evaluation for the inclusive growth agenda

- Can the inclusive agenda be complemented by inclusive evaluation?
 - Can we learn from the open source model?
 - Three stage process: (a) Network of social science institutions
 - (b) Civil society engagement through open source model
- © Cpmplemented by Panchayat Raj monitoring

Issues

- Structure and Improvisation
- Management
- Governments “Knowledge Proof” So in Public Domain
- Democratisation of Information
- Can we refine through discussion?
